VSR adds third car to Italian Endurance and confirms driver line-up

VSR will return to the Italian GT Championship this year, entering three cars for Lamborghini Squadra Corse in the Endurance Championship.

Lamborghini's GT3 Junior drivers play a significant role in the team's line-up for 2022 with previous VSR Champions Michele Beretta and Yuki Nemoto being joined in the number 19 car by Edoardo Liberati. Super Trofeo World Final winners Karol Basz and Mattia Michelotto will share the number 63 Huracán with Benjamin Hites. Andrea Cola steps up to GT3 after a season in Super Trofeo and will partner Baptiste Moulin in car number 66.

The season kicks off with a two-hour race at Pergusa in May.

Vincenzo Sospiri: I'm very happy to return to the Italian GT Championship with a great driver line-up who I am sure will be competitive. It is always a very competitive Championship but we have a good mix of experienced drivers and young talent and, of course, the invaluable support of Lamborghini Squadra Corse, Giorgio Sanna and his team.
