

PRESS RELEASE: 25th June 2021

VSR confirms driver line-up for 2021 Total Energies 24 Hours of Spa

VSR will enter one Lamborghini Huracán GT3 Evo in the Silver Cup class of this year's Total Energies 24 Hours of Spa.

The number 666 car will be driven by an International line-up of Silver drivers. Belgium's Baptiste Moulin and Japan's Yuki Nemoto, who are already competing with the team in this year's International GT Open, will be joined for the race by Martin Rump from Estonia and Glenn Van Berlo from The Netherlands.

Vincenzo Sospiri: The whole team is really thrilled to be able to take part in the Spa 24 hour race for the first time. We have a young group of drivers so it will be a learning experience for everyone but we are all looking forward to the challenge.
